

Missing Something?
Lock it Up!

Be Aware

Drug related crime is on the increase in Fredericton. Sadly, drug addiction is affecting a larger portion of our population and as a result, that addiction is driving a need for quick cash, resulting in an increase in robberies and break and enters across the City. Make sure you take the time to keep yourself from being an easy target and lock things up.

Protect your Property

Lock up your sheds, garages and your home, even when you are only out for a few hours. Many of the thefts and robberies are crimes based on opportunity not a preplanned activity. Make your residence and out-buildings secure by using existing locks or by adding locks if necessary. In addition you can place motion sensor lights on the outside of your home as a deterrent to browsing criminals.

Lock your Vehicle

Always lock your vehicle, even when you are parked in your own driveway and especially at night. Other places to be sure to lock up are at the mall or any location you are away from your vehicle for an extended period of time, like the movie or at the park.

Be sure to take any valuables out of your vehicle or at least store them out of sight. Many thefts from vehicles are based entirely upon being able to see something inside that can be quickly con-

verted to cash, so locking up will be a deterrent, but not as much as putting things out of sight or taking them inside with you.

Report Suspicious Activity

If your neighbourhood is experiencing an increase in quick vehicle traffic turn-over, an unusual amount of foot traffic to a house near you or anything else that may make you think there is possibly drug related activities underway call the **Drug Hotline at 454-4541**.

This anonymous line is setup to allow citizens to report suspicious activities and assist in protecting our community.
