

These
are **NOT**
Suggestions

Characteristics of school children regarding traffic

- Assume that cars can stop instantly.
- Think that if they can see a car, the driver can see them.
- Have difficulty judging speed and distance.
- Have a field of vision one-third narrower than that of an adult.
- Have difficulty determining the direction of sounds.

The Fredericton Police Force will use a three phase approach to address speeding and pedestrian safety

- Education
- Warning
- Enforcement

Obey the Speed Limit

Respect the Speed Limit

A MESSAGE FROM

Fredericton

Fredericton
ENGINEERING DEPARTMENT

Speed limits are established to ensure the safety of both pedestrians and drivers.

Vehicle Speed (km / hr)	Total Distance Required to Stop - Metres / Feet
30 	31.2 / 102.3
50 	63.4 / 208.1
60 	83.0 / 272.3

what
a city
should be.
