Council Term Goals

Community Safety

- Strengthen the effectiveness and community impact of by-law enforcement services.
- Support efforts to achieve and maintain full police staffing complement enabling policing services to continue to meet community needs.
- Advance implementation of the 5th Fire Station and associated service delivery improvements.
- Collaborate with partners to address community impacts associated with the social challenges around the Victoria Health Centre.
- Improve community integration related to emergency-led housing initiatives.
- Determine and advance the long-term direction for future police facility requirements.

People Focused

- Advance the development of a new community aquatic facility that meets current and future recreation needs.
- Continue implementation of the Killarney Park multiplex project and associated recreational amenities.
- Establish the conditions necessary to support the future development of a fieldhouse and related recreation infrastructure.
- Continue implementation of the Recreation & Leisure Master Plan and associated recreation priorities.
- Enhance parks, public spaces, and equitable access to recreation amenities throughout the community.
- Address infrastructure and recreation facility deficits through long-term planning and sustainable funding approaches.

Building & Connecting Community

- Develop and advance a long-term redevelopment vision for the NBEX site.
- Find opportunities to strengthen neighbourhoods and local connections across the community.
- Advance the Southeast Growth Plan (Doak Road Growth Node).
- Define and advance Fredericton's identity as an Intelligent City and support initiatives that reinforce its evolution.

Economic Leadership

- Advance Vision 2030 and other strategic economic development opportunities that strengthen Fredericton's economic competitiveness and long-term prosperity.
- Advance initiatives that support newcomer attraction, settlement, retention, and community growth.
- Seize opportunities that strengthen local decision-making and municipal autonomy.

Community Vibrancy

- Implement key elements of the Creative City Strategy and related initiatives that enhance community vibrancy, culture, and quality of life.
- Develop a Riverfront Secondary Plan and advance activation opportunities that increase public use, economic activity, recreation, and community engagement.
