2 Operation, Interpretation & Zones

2.1 OPERATION

2.1(1) POWERS OF THE DEVELOPMENT OFFICER

(a) Administration of Zoning By-law

The Development Officer appointed by Council, or his or her designate, for the City of Fredericton shall be charged with the general administration of this By-law.

(b) Complete Application

The Development Officer will ensure that an application is complete by requiring that:

- (i) requests for variance, *conditional use* or *temporary use* approval include the application fee of \$300.00; and Z-5.133
- (ii) supporting documentation and any necessary information to process the various types of development applications is provided as determined by the Development Officer and/or any information required for a proper review by the Planning Advisory Committee.

Despite Sections 2.1(1)(b)(i) and 2.1(1)(b)(ii), the Development Officer reserves the right not to proceed with any application deemed incomplete from the perspective that there is insufficient information provided to assess the overall impact of the *development* on the subject or adjacent properties.

(c) Development Officer Variance

The Development Officer may, subject to terms and conditions that he or she considers fit, permit a reasonable variance from the requirements of the Zoning By-law in accordance with Section 55(2) of the *Community Planning Act*. Z-5.143

If the Planning Advisory Committee has made a decision regarding an application for a variance, the Development Officer cannot use his or her powers to rule on the same application. If the Development Officer makes a decision on a variance application request, the same application cannot be forwarded to the Planning Advisory Committee for a decision.

(d) PAC-Rendered Decision

The Development Officer shall not issue a development approval on any application reviewed by the Planning Advisory Committee until the Planning Advisory Committee has rendered a decision, and any conditions required by the Planning Advisory Committee or this By-law have been satisfied.

(e) Zoning Letters and Fees

The Development Officer shall ensure that:

- (i) upon receipt of an application fee in the amount of \$100.00, the Development Officer shall issue a letter confirmation regarding the zone applied to the property requested; and, Z-5.87

- (ii) upon receipt of an application fee in the amount of \$100.00, the Development Officer shall issue a letter of confirmation regarding conformity of the *use* of the property with the zone and/or that a review of a survey certificate indicates that the property is in conformity with the standards of a zone. If such a letter is required in less than 5 business days, the application fee is \$200.00.

(f) **Requirement for Additional Information or Study**

If an application to rezone land will increase:

- (i) the allowable residential *density* by 50% or more from that allowed under the existing zone; or,
- (ii) the maximum allowable *gross floor area* of a *building* by 50% or more from that allowed under the existing zone, then additional studies may be required by the Development Officer to confirm that upgrades to the *street* network or other required components of municipal infrastructure (i.e. water, storm water, sanitary or fire flow capacity) are not required.

(g) **Design Review**

Z-5.197

An independent *design* review of a *development* proposal may be required by the Development Officer to ensure general compliance with any applicable built form *design* guideline policy/document in which case a *design* review fee of \$1250.00 shall apply.

(h) **Development Permits**

Z-5.233

(i) **Requirement for Development Permit**

No person shall undertake the following types of *development* without having obtained a *development* permit:

- (A) *Accessory buildings*;
- (B) *Garden apartment* or *garage apartment* less than 58.06 m² *gross floor area*.

Z-5.328 Z-5.338

(ii) **Application Requirements**

(A) Application

No *development* permit shall be issued under this By-law unless:

- (I) an application has been submitted in the form prescribed by the Development Officer;
- (II) the appropriate fee as identified in this section has been paid;
- (III) a *site* plan has been provided to the satisfaction of the Development Officer consistent with the requirements of Section 2.1.(4)(b)(iii); and,
- (IV) when required by the Development Officer, elevation and perspective and cross section drawings of any *buildings* or *structures*.

(B) Fees

No *development* permit shall be issued under this By-law except where the applicant has paid a fee of:

- (I) \$50.00 where the *development* proposed is an *accessory building* with a floor area of 20 square metres or less; or,
- (II) \$150.00 where the *development* proposed is an *accessory building* with a floor area of greater than 20 square metres.

(C) Site Plan

Every application for *development* permit shall be accompanied by a *site* plan drawn to an appropriate scale in metric units. The Development Officer may require that the *site* plan provide the elements that are relevant from the list below:

- (I) the shape and dimensions of the *lot* hosting the *development*;
- (II) the size, shape, floor area, *height*, number of *storeys*, location and use of existing and proposed *buildings*, *structures*, access roads, easements, right of ways, and *utilities*;
- (III) the distance from the *lot* boundaries, size and limiting distance requirements of every *building* or *structure* proposed to be constructed, already constructed, or partly constructed on the *lot*;
- (IV) fire safety data of adjacent *buildings* including dimensions of adjacent walls, dimensions of all openings in the wall including window and doors, and construction details;
- (V) the proposed location and dimension of any *parking* space, loading space and driveway access;
- (VI) the location of any *signs* and buffers required by the By-law;
- (VII) the location of any natural features, *watercourse(s)*, *floodplain* and wetland areas and the location of any existing or proposed building or structure in relation to the natural features, *watercourse(s)*, *floodplain* or wetland;
- (VIII) Details of property dimensions and related *street* lines, including locational identifiers;
- (IX) the number of residential units in all existing and proposed main *buildings* and *accessory buildings*;
- (X) any *landscaped* area required by this By-law;
- (XI) where appropriate, provision for post construction drainage of the *site*; and,
- (XII) any other information the Development Officer deems necessary to determine whether or not the proposed *development* conforms to the requirements of this By-law or other requirements.

(iii) **General Provisions for Development Permits**

(A) One Lot

No *development* permit shall pertain to more than one *lot*.

(B) Issuance

Upon receipt of a complete application including payment of the required fee, the Development Officer shall issue a *development* permit if the proposed work complies with this By-law, does not create or intensify any structural, fire safety or life safety issues, and provided that any required approvals have been provided by the Planning Advisory Committee or City Council to permit the *development*.

(C) Terms and Conditions

The Development Officer may impose reasonable terms and conditions to regulate the *development* and shall attach any terms and conditions imposed by the Planning Advisory Committee or City Council for the *development* as conditions of approval of the *development* permit.

(D) Duration

A *development* permit issued under this By-law shall remain valid for a period of one year from the date of issue or until the *development* has been completed.

(E) Expiry

A *development* permit shall expire if:

- (I) the *development* has not been commenced within one year from the date of issuance; or,
- (II) construction of the *development* has been discontinued for a period of 6 consecutive months from the date of issuance.

(F) Revocation

A *development* permit may be revoked if:

- (I) the *development* undertaken does not conform or exceeds the scope of work authorized by the *development* permit; or,
- (II) the *development* permit was issued based on mistaken or false information.

2.1(2) POWERS OF THE PLANNING ADVISORY COMMITTEE

(a) **Conditional Uses**

- (i) Where *conditional uses* are permitted in this By-law, these *uses* shall be approved by the Planning Advisory Committee and subject to such terms and conditions that may be imposed by the Planning Advisory Committee. The Planning Advisory Committee may prohibit a *conditional use* if it is determined that the applicant cannot reasonably be expected to comply with the terms and conditions imposed.

- (ii) After the Development Officer receives the information required to process an application, a development approval will not be issued until the Planning Advisory Committee has approved the *conditional use* and all conditions or requirements established by the Planning Advisory Committee or this By-law have been satisfied.

(b) Temporary Uses

The Planning Advisory Committee, subject to terms and conditions as it considers fit:

- (i) may authorize, for a temporary period not exceeding one year, a *development* otherwise prohibited by this By-law;
- (ii) may authorize, for an additional temporary period not exceeding one year, a *development* otherwise prohibited by this By-law if
 - (A) the applicant holds an authorization under Section 2.1(2)(b)(i) that is to expire or has expired;
 - (B) an application with respect to the land has been made to amend this By-law; and,
 - (C) the Planning Advisory Committee has received a resolution from Council confirming that Council will consider the application referred to in Section 2.1(2)(b)(ii)(B); and, Z-5.357
- (iii) shall require the termination or removal of a *development* authorized under Section 2.1(2)(b)(i) or (ii) at the end of the authorized period. Z-5.357

(c) Planning Advisory Committee Delegation of Power to Development Officer

The Planning Advisory Committee:

- (i) may delegate its authority regarding one-year *temporary use* approvals as outlined in Section 2.1.2(b) to the Development Officer; and,
- (ii) may authorize a delegate under Section 2.1.2(c)(i) to further delegate his or her authority under Section 2.1.2(c)(i) to any person.

(d) Making of land subject to terms and conditions

In any zone, any *development* which is for the purpose of making land in a flood prone or environmentally sensitive area and involves the cutting or filling to a depth or height exceeding 1 metre except where it is directly related to an approved subdivision or *building* permit, shall be a *conditional use* for which the Planning Advisory Committee may provide terms and conditions or otherwise prohibit the *use* where compliance with terms and conditions cannot be reasonably expected. Z-5.16

(e) Unsuitable Geology, Location or Topography

Z-5.59

The Planning Advisory Committee may prohibit the erection of any *building* or *structure* on any *site* where it would otherwise be permitted under this By-law when, in its opinion, the *site* is marshy, subject to flooding, excessively steep or otherwise unsuitable for a proposed purpose by virtue of its geology or topography.

2.1(3) POWERS OF COUNCIL**(a) Zoning By-law Amendments**

A person who seeks to have this By-law amended:

- (i) shall submit a written and signed application;
- (ii) shall, where the application involves rezoning an area of land from one zone to another, include therewith;
 - (A) a statement as to the ownership thereof; and,
 - (B) the signature of at least one owner of each *parcel* of land therein;
- (iii) despite Section 2.1.3(a)(ii), Council may initiate a zoning by-law amendment without the signature of the owner(s) of the *parcel(s)* of land involved in the rezoning, provided that the amendment obtains the support of a majority of the whole Council; and,
- (iv) shall include such information as may be required by the Development Officer for the purpose of adequately assessing the desirability of the proposal. All applications shall be accompanied by an application fee of \$1,750.00 and Council may return all or part of the fee to the applicant if they choose to withdraw their application prematurely. The fee for a rezoning application that also requires a Municipal Plan amendment is \$2,500.00.

(b) Same or Similar Application

Unless the Council is of the opinion that there is valid new evidence or change in conditions, where an application under this section has been refused by the Council, no further application may be considered by Council for one year if such application:

- (i) in the case of rezoning, is in respect to the same area of land and is in all significant particulars intended to seek the same zone originally sought or is to obtain the same zoning changes as originally sought; or,
- (ii) not being in relation to rezoning is similar to the original application.

(c) Dilapidated, Dangerous or Unsightly Buildings or Structure

When, in the opinion of Council, a *building* or *structure* is dilapidated, dangerous or unsightly, the Council may;

- (i) require the improvement, removal or demolition of such *building* or *structure* at the expense of the owner thereof; or,
- (ii) acquire the *parcel* of land on which such *building* or *structure* is situated.

(d) Utilities and Infrastructure

No *building* may be erected unless arrangements, to the satisfaction of the Municipal Council, have been made for the supply of electrical power, water, storm water, sewage, *streets*, or other services or facilities.

(e) **Cash in lieu of parking in the Central Business District**

Council reserves the right to require a developer to pay the municipality a sum of money in lieu of providing such off-street parking as may be required in the Central Business District as outlined in Sections 5.2(12)(e) and 5.2(12)(f) of this By-law. Z-5.197

(f) **City Facilities and Sale of Alcohol**

The sale, distribution and consumption of alcohol may occur within or on property or facilities owned or operated by the City of Fredericton subject to such Council approved Policy in effect from time-to-time and the provisions of the *Liquor Control Act* of New Brunswick. Z-5.59

(g) **Density Bonus Provision**

This by-law provides density bonus provisions in lieu of an “incentive or bonus zoning agreement” as outlined in Section 96 of the *Community Planning Act*. Z-5.216

2.2 INTERPRETATION

2.2(1) CLARIFICATION OF WORDS

- (a) The word “used” shall include “intended to be used”, “arranged” and “designed”. All other words shall carry their customary meaning except for those defined hereinafter.

2.2(2) OTHER BY-LAWS, PERMITS AND LICENSES

- (a) Nothing in this By-law shall relieve any person from the obligation to comply with the requirements of any By-law of the City of Fredericton in force from time to time, or the obligation to obtain any license, permit, authority, or approval required under any By-law of the City of Fredericton. In the event of conflict between this By-law and any other By-law (except Imagine Fredericton: The Municipal Plan), the most restrictive By-law shall prevail. Z-5.216

2.2(3) CALCULATION OF NUMERICAL REQUIREMENTS

- (a) All numerical requirements in this By-law are provided in metric units of measurement. Imperial units of measurement, where provided, are for user convenience only. Where a discrepancy between metric and imperial measurements occurs, the metric measurement shall prevail.

2.2(4) MEASUREMENTS

In this By-law, unless otherwise stated:

- (a) metric fractions of one-half (0.5) or greater must be rounded up to the nearest whole number and fractions of less than one-half (0.5) must be rounded down to the nearest whole number;
- (b) any fraction must be rounded down to the nearest whole number for the purposes of calculating the maximum number of units allowed on a lot;
- (c) regulations in this By-law provided to one decimal place must not be rounded to whole numbers;

- (d) when measuring a required distance between a *property line* and a *building* or *structure* or between 2 *buildings* or *structures*, the measurement is made at the least distance between the two;
- (e) all measurements and distances must be made along horizontal planes and not by following the topography or slope of the land; and,
- (f) the *parking* section identifies additional rules for off-street *parking* and off-street loading regulations, which prevail in that context.

2.3 ZONES

2.3(1) ZONING MAPS

- (a) The Zoning Maps are attached hereto as Schedule 11 in Part III of this By-law. These schedules divide the City of Fredericton into zones, for which the regulatory provisions of Parts I and II of this By-law apply.

2.3(2) PURPOSE STATEMENTS

- (a) The purpose statement in each zone indicates the general intent of the zone and all aspects of the purpose statement do not need to be satisfied to meet the intent of the zone.

2.3(3) BOUNDARIES OF ZONES

Where the boundary of any zone is uncertain, and:

- (a) the boundary, as shown on the zoning maps relating to this By-law, substantially follows a *street*, lane, railway right-of-way or trail, the centre line of such feature is the boundary;
- (b) the boundary, as shown on the zoning maps relating to this By-law, follows the shore line of a river or *watercourse*, the mean high water mark is the boundary;
- (c) the boundary, as shown on the zoning maps relating to this By-law, substantially follows a stream or creek, the centre line of such feature is the boundary;
- (d) the boundary, as shown on the zoning map relating to this By-law, substantially follows *property lines* shown on the registered plan of subdivision, such lines are the boundaries;
- (e) the boundary, as shown on the zoning maps relating to this By-law, runs substantially parallel to a *street line* and the difference from the *street line* is not indicated, the boundary shall be deemed to be parallel to such *street line* and the distance from the *street line* shall be determined according to the scale shown on the zoning maps; and,
- (f) the boundary, as shown on the zoning maps relating to this By-law, follows a street or lane and the *street* or lane is subsequently closed, the land in the closed *street* or lane is included in the zone of the abutting land, and if such *street* or lane forms the boundary between two or more different zones, the centre line of the closed *street* or lane is the boundary.

2.3(4) GENERAL PROHIBITIONS

- (a) No land, *building* or *structure* may be used or occupied, and no building or structure may be placed, constructed, erected, moved, sited, altered or enlarged, and no subdivision may be approved, except in conformity with this By-law.
- (b) No *building* or *structure* may be placed, constructed, erected, moved, sited, altered or enlarged, and no subdivision may be approved, so as to cause any existing *building* or *structure* on the same *lot* to violate the provisions of this By-law.

2.3(5) PERMITTED AND PROHIBITED USES

- (a) No land, *building* or *structure* may be used for a *use* that is not specifically listed under the heading “Permitted Uses” or “Conditional Uses” in the zone that the land, *building* or *structure* is located. Z-5.59
- (b) No *building* or *structure* may be placed, constructed, erected, moved, sited, altered or enlarged for any *use* other than a specifically permitted *use* in that zone.

2.3(6) VARIANCES TO BY-LAW STANDARDS

- (a) Only those regulations and requirements found under the Standards sections of this By-law may be varied through a variance application process.

4 Regulations Applying to All Uses

4.1 GENERAL PROVISIONS

4.1(1) USES PERMITTED IN ALL ZONES

The following *uses* are permitted in any zone:

- (a) Public *Parks* and Playgrounds;
- (b) Public *Streets*;
- (c) *Utilities*;
- (d) *Safety and Emergency Services*; and,
- (e) *Secondary Uses*.

4.1(2) STREET ACCESS

- (a) No person shall erect or use a *building* or *structure* or use any *lot* unless the *lot* abuts or fronts on a public *street* or otherwise achieves satisfactory access to a public *street*.
- (b) All access locations and curb crossings shall be approved by the Development Officer.
- (c) Vehicular access to any land in a *non-residential zone* or land used for non-residential purposes shall not be permitted within a *residential zone* or on land used for residential purposes. Z-5.59

4.1(3) UNDERSIZED LOTS

(a) Zones where Single Detached Dwellings are permitted

- (i) In zones where a *single detached dwelling* is permitted, nothing in this by-law shall prevent the use of an undersized *lot* for a *single detached dwelling* with respect to *minimum lot area*, *frontage* and *depth*, provided that all other standards of the zone are met.

(b) All Other Zones

- (i) In all other zones, nothing in this by-law, shall prevent the use of an undersized *lot* with respect to *minimum lot area*, *frontage* and *depth*, provided that:
 - (A) the use of such *lot* is permitted in the zone in which such *lot* is located; and,
 - (B) all other standards of the zone are maintained except:
- (ii) Despite Section 4.1(3)(b)(i) vehicle-oriented *uses* shall comply with the minimum *lot area* requirement referenced in Sections 10.2(2)(b)(i) and 10.2(2)(c)(ii). Z-5.16

(c) **Newly Created Lots**

Z-5.59

- (i) A *lot* may be undersized with respect to *minimum lot area*, *frontage* and *depth* where it is created: Z-5.82
- (A) solely for the purposes of *utilities*;
 - (B) as land for public purposes; or,
 - (C) for a future *street*.

4.1(4) STEEP SLOPED LOTS

- (a) Any part of a *lot* in which *grade* is sloped 15% or more shall not be considered as part of the *lot* for the purposes of calculating *minimum lot area*.

4.1(5) MIXED USE

- (a) Where two or more *uses* are located in one *building* or on one *lot*, the most restrictive regulations shall be deemed to be in force for that *lot* or *building* unless otherwise specified.

4.1(6) NON-CONFORMING USES

- (a) Where a zoning by-law makes a property *non-conforming*, the provisions of Section 60 of the *Community Planning Act* will apply. Z-5.312
- (b) The provisions of this section shall not exempt the owner of a *non-conforming use* from the obligation for proper maintenance and minimum occupancy standards of such *use*.

4.1(7) NUMBER OF MAIN BUILDINGS ON A LOT

- (a) Only one main *building* shall be permitted on a *lot* unless otherwise specified in the purpose statement for each zone.

4.1(8) MINIMUM FLOOR ELEVATION ABOVE FLOOD LEVEL

- (a) No *development* of any *habitable space* shall be permitted in any zone unless the minimum geodetic elevation of the top of any floor is at least nine (9) metres. Z-5.16

4.1(9) SIGHT TRIANGLE ON CORNER LOTS

- (a) In any *zone* requiring a sight triangle: On any *corner lot* within the triangular space included between *property lines* abutting a public *street* of a distance of 6 metres from their point of intersection, no *building* or *structure* shall be erected and no shrubs or foliage shall be planted or maintained within 6 metres of the point of intersection of the *property lines* abutting a public *street*, which would obstruct the view of a driver of a vehicle approaching the intersection.

*Does not apply to buildings that are not subject to the <i>Barrier Free Design Building Code</i> regulation of the <i>Community Planning Act</i>	

Z-5.113

- (b) Barrier free *parking* spaces shall be:
- (i) Provided and considered as part of the number of required *parking* stalls;
 - (ii) Located closest to the entrance of the *building* for which they are intended;
 - (iii) Identified by a *sign* and, if the surface is paved, by pavement markings to the satisfaction of the Development Officer; and,
 - (iv) A minimum of 2.6 metres in width with an access aisle on one side that is a minimum of 2 metres in width. A single access aisle can serve two adjacent barrier free *parking* spaces.

Z-5.82

5.2(5) ACCESS TO PARKING LOTS AND PARKING SPACES

Z-5.59

- (a) Driveways shall have a minimum width of 6 metres and a maximum width of 9 metres except for:
- (i) that portion of the *driveway* located within 12 metres of the curb line of any *street* other than a local roadway in which case the minimum width for that portion of the *driveway* shall be 8 metres; or

Z-5.338

- (ii) a residential *development* consisting of 4 *dwelling units* or less, in which case the minimum width shall be 3.6 metres.
- (b) Driveways shall have a minimum width of 4 metres and a maximum width of 7 metres for one-way operation except in the Central Business District where the minimum width shall be 3.6 metres
- (c) Driveway widths may be increased to a maximum of 11 metres for two-way operation and a maximum of 9 metres for one-way operation where a substantial portion of the vehicular traffic consists of tractor trailers.
- (d) Where more than 4 *parking* spaces are required, provision shall be made for turning and maneuvering of vehicles to allow egress from the *site* in a forward direction and shall be considered part of the *parking lot*.
- (e) Where residential *development* of less than 4 *dwelling units* has vehicle access to a collector or arterial *street*, a turn-around area abutting the driveway may be provided in the *front yard* with a maximum dimension of 3 metres by 4 metres to enable vehicle egress in a forward direction.
- (f) *Private roads* shall be designed in accordance with the General Specifications for Municipal Services (current edition).

5.2(6) ACCESS TO COMMERCIAL AND INDUSTRIAL ZONES

- (a) The number of two-way driveways shall be limited to 1 per *lot frontage* except when the *lot* has a *frontage* of over 75 metres where 2 driveway accesses are permitted if a minimum of 20 metres is provided between the centre line of each driveway. No more than 2 driveways shall be permitted per *lot*.
- (b) Two driveways may be located on a *lot* in place of 1 two-way driveway if the driveways are designed and signed for one-way use and if a minimum of 20 metres is provided between the centre lines of each driveway, measured at the *street line*.
- (c) On *corner lots* all driveways shall be located no closer than 11 metres from the intersection of the *property lines* abutting the *streets* with the exception that no driveway may be located within 30 metres of:
 - (i) an intersection of 2 or more streets if traffic at such intersection is controlled by traffic signals;
 - (ii) an *at-grade* intersection in the form of several legs or a roundabout, or with island channelization or other similar traffic control devices;
 - (iii) an interchange; or,
 - (iv) a railway *grade* crossing.
- (d) If access is provided to *parcels* zoned District Commercial (DC) or Regional Commercial (RC), all driveways on a *corner lot* shall be located no closer than 60 metres from the intersection of the *property lines* abutting the *streets*.
- (e) No driveway shall meet the travelled portion of the fronting *street* at an angle of less than 70 degrees.

- (f) Driveways shall be located at least 3 metres from a *side property line*.
- (g) Every driveway shall be maintained with an all-weather, dust-free surfacing sufficient to carry imposed loads.
- (h) Despite the provisions of this section, access to major collector and arterial *streets* shall be regulated by the provisions of Section 5.2(8) and Section 5.2(9) of this By-law.

5.2(7) ACCESS TO ALL OTHER ZONES

- (a) The number of driveways permitted on a *lot* shall be as follows:
 - (i) where the *lot* has less than 36 metres of *frontage*: MAX 1 driveway
 - (ii) where the *lot* has 36 metres of *frontage* or more: MAX 2 driveways Z-5.16
- (b) Where 2 driveways are permitted:
 - (i) driveways may connect within the required *front yard* only where the *lot* gains access from a collector or arterial *street* as defined in the City Transportation Network Road Classifications;
 - (ii) the minimum distance between driveways shall be 12 metres measured from the *curb cut* edge.
- (c) On *corner lots*:
 - (i) the maximum number of driveways shall be limited to 2 and in no instance shall driveways on the two *streets* be connected; and,
 - (ii) driveways shall be located at least 11 metres from the intersection of the *property lines* abutting the two *streets*.
- (d) Unless otherwise prescribed in this By-law, all driveways shall be surfaced in crushed rock, gravel, or pavement.
- (e) Despite the provisions of this section, access to major collector and arterial *streets* shall be regulated by the provisions of Section 5.2(8) and Section 5.2(9) of this By-law.

5.2(8) ACCESS TO MAJOR ARTERIAL STREETS

Z-5.59

- (a) Access to major arterial *streets* shall be permitted in accordance with the following criteria:
 - (i) access shall not be permitted for residential *development* with 12 or fewer *dwelling units*;
 - (ii) where a property has *frontage* on an arterial *street* not referenced in sub-section (b), a collector *street*, or a local *street*, full access shall be provided only to the subordinate *streets*; and Z-5.82
 - (iii) despite Section 5.28(a)(i), access may be permitted if an access management plan or study is prepared outlining how safe access can be achieved without negatively impacting the function of the *street* to the satisfaction of the Development Officer.

- (b) Access to Cliffe Street, Prospect Street (between Hanwell Road and Woodstock Road) and Hanwell Road (from Valcour Drive to the City Limits):
 - (i) despite Section 5.2(8)(a)(i), access may be permitted at a minimum distance of 200 metres from an adjacent all-directional intersection or access point; and,
 - (ii) despite Section 5.2(8)(a)(i), a single right-in, right-out access point may be permitted at a minimum distance of 100 metres from an adjacent all-directional intersection or access point.

5.2(9) ACCESS TO MAJOR COLLECTOR STREETS

Z-5.59

- (a) Access to major collector *streets* shall be permitted in accordance with the following criteria:
 - (i) access shall not be permitted for residential *development* with 4 or fewer *dwelling units*;
 - (ii) where a property has *frontage* on a collector *street* not referenced in sub-section (b) or (c), or a local *street*, full access shall be provided only to the subordinate *streets*; and Z-5.82
 - (iii) despite Section 5.2(9)(a)(i), access may be permitted if an access management plan or study is prepared outlining how safe access can be achieved without negatively impacting the function of the *street* to the satisfaction of the Development Officer.
- (b) Access to Alison Boulevard and Two Nations Crossing:
 - (i) despite Section 5.2(9)(a)(i), access may be permitted at a minimum distance of 60 metres from an adjacent all-directional intersection or access point.
- (c) Access to Bishop Drive and Knowledge Park Drive:
 - (i) As the construction and development of Bishop Drive and Knowledge Park Drive are subject to Development Agreements, notwithstanding and despite Section 5.2(9)(a) and (b), access to Bishop Drive and Knowledge Park Drive is:
 - (A) restricted and subject to the terms and conditions of the applicable Development Agreements;
 - (B) to be completed in consultation with and subject to the approval of the Director of Engineering & Operations; and,
 - (C) to the satisfaction of the Development Officer.

5.2(10) DESIGN OF PARKING LOTS

- (a) All *parking lots* except for residential *development* comprising 3 *dwelling units* or less and *development* within the Heavy Industrial Zone (HI) shall be designed to the satisfaction of the Development Officer and shall comply with the following: Z-5.16
 - (i) be surfaced with hot-mix asphalt, portland cement, concrete, or asphalt stone chip seal coat;
 - (ii) be graded or drained in such a manner as to ensure that surface water will not

escape to neighbouring lands, and wherever the surface of the *parking lot* is more than 10 centimetres higher or lower than any adjoining land, a suitable retaining wall shall be installed along the edge of the *parking lot* or along the *property line*;

- (iii) be curbed with permanent continuous high curbing where *parking* and manoeuvring areas and driveways abut *landscaped areas*;
- (iv) provide a bumper guard of a minimum height of 50 centimetres at a minimum distance of 0.3 metres from any *interior, side or rear property line* and pedestrian walkway. Where there is a landscaped strip of less than 1.5 metres in depth, the bumper guard shall prevent any part of a motor vehicle from projecting over any *property line*;
- (v) ensure no *parking* space is located any closer than 1 metre to any wall of residential *development* of 3 *dwelling units* or greater; Z-5.197
- (vi) all existing mature trees located within a required *landscaped area* shall be preserved where feasible;
- (vii) *parking lots* shall be *screened* and separated as follows:
 - (A) *parking lots* for non-residential *uses* abutting a *residential zone*: by a minimum 3 metre wide landscaped strip, a 2 metre high opaque fence, and high-branching deciduous trees;
 - (B) *parking lots* for residential *uses* abutting a *residential zone*: by a minimum 2 metre wide landscaped strip consisting of coniferous and deciduous trees, shrubs, hedges, opaque fence or combination thereof; Z-5.113
 - (C) *parking lots* abutting land used for residential purposes: by a 2 metre high opaque fence;
 - (D) *parking lots* adjacent to a public *street*: by a *landscaped area* consisting of trees, flowering shrubs and perennials, landscaped berms, decorative masonry walls or fences, or a combination thereof;
 - (E) along the *rear property line* of parking lots in the Neighbourhood Area (Schedule 13): by a minimum 4 metre wide landscaped strip consisting of coniferous and deciduous trees, shrubs, hedges, 2 metre high opaque fence or a combination thereof; and,
 - (F) along the *side property line* adjacent to a *parking lot* in the Neighbourhood Area (Schedule 13): by a 2 metre high opaque fence.

5.2(11) DESIGN OF LARGE PARKING LOTS

- (a) In addition to the requirements of Section 5.2(10), all *parking lots* with more than 60 *parking* spaces shall be designed to the satisfaction of the Development Officer in accordance with the following standards:
 - (i) entryway landscaping shall be provided where driveways intersect with public *streets*;
 - (ii) landscaping shall consist of planting of native species in the form of trees,

flowering shrubs and perennials that do not interfere with visibility at the intersection;

- (iii) the first 6 metres of all *yards* abutting a public *street* or *private road* shall be landscaped consisting primarily of trees, flowering shrubs and perennials, landscaped berms, decorative masonry walls or fences, or a combination of these methods;
- (iv) in City Centre Zones (CC, CCI and CCIL), the first 1.2 metres of all *yards* abutting a public or private *street* shall be landscaped consisting primarily of tree, flowering shrubs and perennials, landscaped berms, flower boxes, benches, decorative masonry walls or fences, or a combination of these methods;
- (v) landscaped islands comprising a minimum area of 12 square metres with at least one side being a minimum length of 2 metres and consisting of at least one tree and two flowering shrubs surrounded by a concrete curb shall be provided:
 - (A) on both sides adjacent to all main driveways;
 - (B) at the end of all rows of *parking*;
 - (C) after every 20 *parking* stalls in a row; and,
 - (D) between all *parking* blocks.
- (vi) main driveway aisles shall be continuous and connect to the main entrance of the *development site*;
- (vii) the provision of *parking* spaces along main circulation driveways shall be avoided where feasible;
- (viii) blocks of *parking* spaces shall contain no more than 120 spaces;
- (ix) *parking* blocks shall be oriented to facilitate pedestrian movement down and not across rows;
- (x) if required, shopping cart return stations shall be evenly distributed within and between separate *parking* blocks;
- (xi) bicycle *parking* shall be provided on the *site* in a secure location in proximity to the main entrance of each *building* in accordance with Section 5.2(13);
- (xii) pedestrian walkways shall be provided as follows:
 - (A) a system of pedestrian walkways shall be provided on the *site* to provide access between the primary entrance or entrances to each *building* and:
 - (I) all other *buildings* on the *site*;
 - (II) public sidewalks, walkways, and trails;
 - (III) *parking lots* that serve the *building*; and,
 - (IV) where appropriate, *buildings* on adjacent properties.
 - (B) on-site pedestrian walkways shall be located within a 4.5 metre wide corridor and have a *hard landscaped* surface width of at least 1.5 metres with a *soft landscaped area* of at least 1 metre on each side of the walkway;
 - (C) on-site pedestrian walkways that cross a *parking lot* or driveway shall be

- clearly marked through the use of paint or a change in paving materials, distinguished by their colour, texture, or height; and,
- (D) a continuous pedestrian walkway with a minimum width of 1.5 metres shall be provided along the full length of all *building façades* featuring a customer entrance and/or customer *parking lot*.
- (xiii) storm water management shall include surface run-off from paved *parking lots* directed to *soft landscaped areas* through curb inlets where feasible.

5.2(12) REQUIRED PARKING

- (a) The number of *parking* spaces required for any *development* shall be determined in accordance with this section. Where required *parking* calculations result in a fraction the number of required *parking* spaces shall be rounded to the next highest number.
- (b) Required parking shall be calculated as follows:
- (i) required *parking* for non-residential *uses* shall be calculated based on *net floor area* (NFA).
 - (ii) where using *net floor area* is impractical, the *gross floor area* may be used and the following deductions may apply:

(A)	industrial/warehouse <i>uses</i>	2% deduction
(B)	<i>office</i>	10% deduction
(C)	all other non-residential <i>uses</i> , excluding <i>medical clinic</i> , <i>medical practice</i> , and any use in which the <i>parking</i> requirement is based on the number of seats	5% deduction
- (c) **Multiple Use of a Site**
- (i) Where there is more than one *use* on a *site*, the Development Officer shall calculate the *parking* required for each individual *use* and the total shall be deemed to be the required *parking* for the *site* subject to Section 5.2(12)(g).
- (d) **Change of Use**
- (i) When a *building* or part of a *building* outside the Central Business District (CBD) is converted from one *use* to another *use*, *parking* spaces shall be provided in the amount the required *parking* for the proposed *use* exceeds that required for the previous *use*. Z-5.216
- (e) **The number of parking spaces for any development shall be in accordance with the following requirements:**

(f) **Additional parking requirements applicable to the Central Business District**

- (i) For the purpose of this section, the Central Business District is defined as the area as shown on Schedule 1. Z-5.216
- (ii) In the Central Business District the number of *parking* spaces required for any *development* shall be in accordance with the Parking Requirement table referenced in Section 5.2(12)(e).
- (iii) No *parking* shall be required for the replacement of a *building* destroyed or demolished after January 1, 1987 as long as the *gross floor area* of the replacement *building* does not exceed that, which existed prior to the destruction or the demolition of the *building* standing on January 1, 1987.
- (iv) The *parking* requirements of this By-law shall not apply to 8 or fewer *dwelling units* when they are part of a *building* that contains a non-residential *use* located in the Central Business District, as defined in Section 5.2(12)(f)(i).
- (v) Despite the Parking Requirement table referenced in Section 5.2(12)(e), no additional *parking* will be required when a *building* or part of a *building* is converted from one use to another *use*, provided the *building* was in existence on July 1, 1994 and provided the subject *building* is not being enlarged. Z-5.82
- (vi) Within the blocks bounded by Northumberland Street, Queen Street, Regent Street and Brunswick Street, a maximum of four surface *parking* spaces may be provided for a *development* and shall be *screened* from a public *street* to the satisfaction of the Development Officer. Z-5.113 Z-5.182
- (vii) A developer, in lieu of providing required *parking* spaces, shall pay to the City a sum of money calculated at the rate of \$7,000.00 per *parking* space. Such payment shall be in the form of cash or secured in accordance with the terms of an agreement between the Developer and the City and must be made or secured prior to the issuance of a *building* permit. Z-5.143
- (viii) *Sites* where, for any reason, demolition or *buildings* have been removed after July 1, 1994, shall not be used for surface *parking* in the Central Business District.

(g) **Parking reductions for development outside the Central Business District**

Only one of the following *parking* reductions may be applied to a *site*:

- (i) the required *parking* for a *building* containing a residential *use* and a non-

residential *use* may be reduced by 15% of the required *parking* for the non-residential *use*; **OR**

- (ii) the required *parking* for a residential *use* located within 150 metres of a *street* where transit service operates measured to the nearest *property line* may be reduced by 10%; **OR** Z-5.216
- (iii) the required parking for a *building* containing *affordable housing dwelling units* may be reduced by 30% of the required *parking* for those *affordable housing dwelling units*; **OR** Z-5.216
- (iv) the required parking for a *building* containing *affordable housing dwelling units* may be reduced by 60% of the required *parking* for those *affordable housing dwelling units* subject to the following: Z-5.216
 - (A) an area of land shall be provided on the *site* equal to the area required for the *parking lot* containing the reduced amount of *parking* stalls;
 - (B) the area of land provided shall be *landscaped area* in addition to the minimum *landscaped area* requirement of the zone; and,
 - (C) the area of land provided shall be located in a manner contiguous to the *parking lot* being provided or in a location suitable to provide the required *parking* in compliance with the requirements of Section 5.2(12).

(h) **Granting required parking variances**

The Development Officer may consider varying from the minimum or maximum number of required *parking*, loading or queuing stalls when an applicant submits a *parking* study that demonstrates that the number of required *parking*, loading or queuing stalls for a *development* should be less than the minimum requirement or greater than the maximum requirement of the By-law due to unique *site*, location or *use* characteristics and the conclusions of the study are found to be acceptable to the Development Officer.

5.2(13) REQUIRED BICYCLE PARKING

- (a) Bicycle *parking* is required for all non-residential *development* and residential *development* comprising 6 or more *dwelling units* or 4 or more beds (in the case of *single room occupancy*) with shared entrance facilities as follows: Z-5.59 Z-5.253
 - (i) **Number of Required Bicycle Parking Spaces**
 - (A) Residential: A minimum of 0.3 bicycle *parking* spaces per *dwelling unit* shall be provided. A minimum of 0.5 bicycle *parking* spaces per bed shall be provided for *single room occupancy*.
 - (B) Non-residential: Bicycle *parking* spaces shall be provided at a rate of 7% of the number of vehicular *parking* spaces required outside the CBD with a minimum of 2 bicycle *parking* spaces provided. Z-5.59
 - (C) No bicycle *parking* spaces are required for a change of *use* within existing *buildings* in the Central Business District as shown on Schedule 1.
 - (D) Where a fraction of a bicycle space is required in accordance with this By-law, such fraction shall be considered 1 *parking* space for the

purpose of calculating the total number of bicycle *parking* spaces.

(ii) **Design and Location of Bicycle Parking Spaces**

Bicycle *parking* may be provided as racks or storage lockers in accordance with the following requirements:

- (A) bicycle racks or storage lockers shall be securely anchored to a hard ground surface or fixed *structure* and allow the bicycle frame to be locked;
- (B) bicycle *parking* shall have a minimum depth of 3 metres and shall be clearly marked or delineated on the pavement or ground surface;
- (C) bicycle *parking* racks and lockers shall be clear of snow in winter;
- (D) required bicycle *parking* spaces shall be provided within 15 metres of a *building* entrance;
- (E) a minimum 2 metre wide unobstructed walkway shall be provided between required bicycle *parking* spaces and the exterior *building* wall; and,
- (F) bicycle *parking* spaces shall be provided on the *lot* for which it is required and shall not be provided within a *dwelling unit*, on a *balcony* or within a commercial space.

5.2(14) LOADING SPACE

- (a) In addition to the *parking* requirements of this By-law, wherever a *building* or *structure* is erected, converted or altered to be used for manufacturing, storage or commercial purposes or for any purpose involving the *use* of vehicles for the receipt or distribution of materials or merchandise, the occupants shall provide and maintain on the *parcel*, exclusive of the required *parking*, loading spaces in accordance with the following standards:

Floor Area of Building	Number of Loading Spaces
Up to and including 1800 m ²	1
Up to and including 4500 m ²	2
For each additional 4500 m ²	1 additional space

- (b) Each loading space shall be a minimum of 8 metres in length and 3 metres in width and have a vertical clearance of not less than 4 metres.

6 Sign Regulations

6.1 PURPOSE

- (a) The purpose of the *sign* regulations within this By-law are as follows:
- (i) to permit the proper identification of businesses within the City while protecting the appearance of the City from the effect of *signs* which may be inappropriate with respect to number, size or location;
 - (ii) to protect *signs* and lights *erected* for the direction of traffic from the effects of all conflicting *signs*;
 - (iii) to ensure *signs* are designed in terms of *scale*, *proportion* and composition so as to respect the character of the *building* or *development* they serve;
 - (iv) to protect residential areas and Character Areas from inappropriate *signs*; and,
 - (v) to discourage excessive visual competition and clutter of *signs* in all non-residential areas.

6.2 DEFINITIONS

- **Back-lit construction** means any *sign* that is enclosed and has the capability to be illuminated from within or behind the enclosure. “Internal illumination” and “internally lit” signs have a corresponding meaning. (*enseigne lumineuse par translucidité*)
- **Banner sign** means a *temporary sign* constructed from a non-rigid fabric in a *banner* style which is attached to a pole or other *structure*. (*enseigne lumineuse par translucidité*) (Illustration 1)
- **Billboard** means a *sign* which displays third party advertising upon which advertising copy can be displayed as *tri-vision sign copy*, or is pasted, glued, painted or otherwise fastened to permit its periodic replacement and includes poster panels and painted *structures*. (*panneau d'affichage*) (Illustration 2)
- **Box-style sign** means a *sign* constructed of rigid translucent and not transparent materials which has the capability to be internally lit so as to illuminate the *sign copy*. (*enseigne type boîte*) (Illustration 3)
- **Building frontage** means the maximum horizontal width of a *building* that approximately parallels and faces the public *street* or right-of-way along which the *lot frontage* is calculated. (*façade d'un bâtiment*) (Illustration 24)
- **Canopy sign** means a *sign* attached to or forming part of a permanent *building* projection, projecting or fixed structural framework which extends outward from the exterior wall of a *building*. “Awnings” and “marquees” have a corresponding meaning. (*enseigne sur marquise*) (Illustrations 4A and 4B)
- **Channel letter form** means a series of single solid *structures*, each resembling a letter, number or other symbol, which may be internally or externally lit, that when affixed horizontally parallel to the exterior *façade* of a *building* display a message. (*suite de lettres*) (Illustration 5)

13 Regulations Applying to Industrial Zones

13.1 GENERAL PROVISIONS

Z-5.59

13.1(1) NUISANCE STANDARDS

- (a) Any industrial *use* operating within a *building* on a *lot* in the Business Industrial (BI) Zone or the Research and Advanced Technology (RT) Zone shall:
 - (i) not generate any dust, noise or vibration beyond the *building* containing that *use*; and,
 - (ii) not become an annoyance or nuisance to the surrounding area by reason of unsightliness, the emission of odours, liquid effluents, ionising or non-ionising radiation, fumes, smoke, or glare nor shall any *use* be permitted which creates or causes a health, fire or explosion hazard or electrical interference.
- (b) Dust generating from open storage areas, *yards* or roads shall be kept to a minimum by appropriate landscaping, paving, oiling, wetting, or other means.

13.1(2) OUTDOOR STORAGE

- (a) Except when located in the Heavy Industrial (HI) Zone, *outdoor storage* is permitted only where it is secondary to the operation of the *principal use* on the *site*.
- (b) No material shall be stacked or piled higher than the *height* of the surrounding *screening* fence.
- (c) *Outdoor storage* shall be *screened* from a public *street* and from any abutting *residential zone* or *institutional zone* by an opaque fence with a maximum *height* of 2.5 metres.

13.2 STANDARDS

13.2(1) SCREENING

- (a) Where the *site* abuts:
 - (i) a *residential zone*, an opaque fence with a height of 2 metres and high branching deciduous trees planted within a minimum 2 metre wide *landscaped area* shall be required along the shared *property line*; and
 - (ii) land used for residential purposes, an opaque fence with a minimum height of 2 metres shall be required along the shared *property line*.
- (b) All existing mature trees located within a required *landscaped area* shall be preserved where feasible.

13.3 SPECIAL LAND USE REQUIREMENTS

13.3(1) CANNABIS PRODUCTION FACILITY

- (a) Where permitted a *Cannabis Production Facility* shall comply with the following:
 - (i) all functions associated with a *Cannabis Production Facility* shall be conducted entirely within an enclosed *building*;
 - (ii) despite Section 13.1(2)(a), no *outdoor storage* associated with a *Cannabis Production Facility* is permitted;
 - (iii) loading spaces shall be located entirely within an enclosed *building*; and,
 - (iv) any *building* or *structure* or portion thereof associated with a *Cannabis Production Facility* shall be located at least 150 metres from any *lot* in a Residential Zone, Institutional Zone, Park Zone (P), or Environment and Open Space Zone (EOS) measured to the *property line*.

17 Repeal of Zoning By-law No. Z-2 Amendments

- 17.1 To ensure consistency between the *Municipal Plan* and *Zoning By-law*, *development* approvals involving by-law amendments that have not proceeded to the construction stage within 5 years of their initial approval may be reviewed to determine whether the by-law should be repealed because it is no longer consistent with the land use policy direction of the *Municipal Plan*. This review would occur in conjunction with a future review of *By-law No. Z-5*. *Development* approvals involving zoning by-law amendments will be carried forward from *By-law No. Z-2* to *By-law No. Z-5*, however, the 5-year time frame for review will still apply to these applications as noted above.
- 17.2 After Council reviews a rezoning application, Council may refuse to rezone land for *development* where Council deems that the *development* cannot reasonably be completed within 10 years of the coming into force of the rezoning. To achieve this intent Council may refuse the application on the basis that it is premature or Council may establish timeframes that the applicant must satisfy to begin construction within a 10-year period.
