Parks & Open Space Architect - Parks & Trees

The City of Fredericton, Engineering & Operations Department, has an exciting opportunity to join the dedicated and dynamic Parks & Trees team as a Parks & Open Space Architect. In this role, you would work closely with the Recreation Division, and where appropriate the Planning Department to lead in any one or all the following phases: planning, development, redevelopment, design and construction of projects within our park facilities and urban public realm.

Reporting to the Manager, Parks & Trees, the Parks & Open Space Architect will help guide the City's long-term direction on existing Park Implementation Plans such as the Killarney Lake and Odell Park Management Plans, Carleton & Wilmot Park plans, and many new and exciting park projects within our park facilities and urban public realm. This role requires a strong blend of strategic thinking, project management expertise, and a passion for creating bold and exceptional outdoor experiences for the community.

What You'll Do:

- Collaborate with cross functional teams to design and implement projects that enhance park facilities, amenities, and infrastructure, aligning with organizational goals.
- Coordinate with internal stakeholders, architects, landscape designers, engineers, and contractors to ensure park facilities, amenities, and infrastructure, align with organizational goals.
- Conduct thorough research on industry trends, innovative park design, and sustainable practices to integrate into planning efforts.
- Manage all phases of project lifecycle, including detailed design, budgeting, scheduling, resource allocation, risk management, and quality assurance.
- Work closely with local authorities, community stakeholders, and public agencies to obtain permits, approvals, and funding for park projects.
- Monitor and report on project progress, identifying potential roadblocks and proposing solutions to ensure timely completion and delivery of high-quality results.
- Participate in community engagement efforts, including public meetings and workshops to gather input and build support for park development initiatives.
- Foster partnerships with external organizations, non-profits, and educational institutions to enhance programming and events with park spaces.
- Contribute to the development and implementation of comprehensive park master plans, considering factors such as site analysis, community needs, environmental impact, and long-term sustainability.

What You Bring:

- Strong relationship-building skills, commitment to learning, effective communication, customer focus and inclusiveness
- Proficiency in Microsoft Office (Excel, Word, PowerPoint, SharePoint)
- Familiarity with CPTED principles and park safety strategies.
- Experience in Park Planning, Landscape Architecture, or Project Management, particularly within municipal operations.

Perks:

- Bi-weekly benefit spending allowance of \$243.16-\$288.94.
- Health, Dental and Pension plans
- Contributing to parks that enhance community satisfaction and foster a sense of belonging
- Work alongside passionate professionals dedicated to making a difference in the community.

If you are passionate about designing inclusive, sustainable outdoor spaces that resonate with the community, we invite you to apply for the Parks & Open Space Architect position today!

How to apply:

Email your resume and cover letter to HR@fredericton.ca on or before November 13, 2024, at 4:30 p.m. AST.

The City of Fredericton is an equal opportunity employer.

Only those applicants selected for further consideration will be contacted.
