

**NOTICE:**

Fredericton Region Solid Waste resumes recycle collection and sorting on May 25, 2020.

Residents can continue with their habit of sorting and putting recycling out on designated collection days, and using the recycle bins at Brookside Mall, Capital Winter Club and Willie O'Ree Place.

However, if your household was safely storing recyclables, we ask that you slowly release your materials over a number of weeks or months so the system does not get overwhelmed.

Please visit the [City of Fredericton Recycling](#) web page to review the acceptable recyclable products.

For further information, please contact [Fredericton Region Solid Waste](#): 506-453-9938.
