

Safety Plan for Run/Walk

- All committee members will have cell phones to call 911 in case of emergency and to contact each other.
- Key committee members will have radios to contact each other.
- There will be first aid trained people on site.
- There will be a first aid kit on site.
- We will have a fire extinguisher near the barbecue area.
- The designated meeting spot in case of emergency is the north side area of the parking lot.
- We will be providing water and juice to participants along the route and at the finish area.
- We will have volunteers (with safety vests and radios) manning barricades at street closures.
- We will have volunteers directing participants along the route.
- We will have police assistance at key intersections.
