

Lot Types & Characteristics

Zoning By law Z-5 Schedule 8a

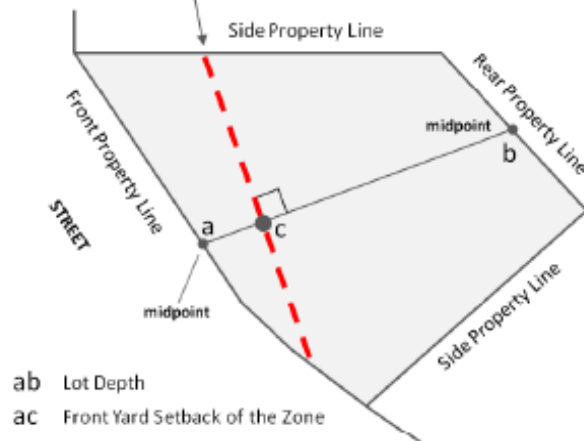

1. Lots with front and rear property lines that are parallel to each other

2. Lots with front and rear property lines that are not parallel to each other

Lot Frontage is measured as a line perpendicular to the lot depth at a distance equal to the front yard setback of the zone

3. Irregular lots with a curved front property line and no rear property line

Lot Frontage is measured as a line perpendicular to the lot depth at a distance equal to the front yard setback of the zone
