

Zig Zag 2021

FREE -Playground fun for Children 6-12 years old

Zig Zag is the City of Fredericton's unique supervised playground program. Activities are based on the interests of the children, the focus is on physical activity, but some time is also spent on crafts, and quiet games.

This program is for 'neighborhood children' who live within a safe and reasonable walking distance from the park. **All children who participate must be able to walk home at anytime, unsupervised.**

On-line program pre-registration will be required this summer (no on-site registrations will be accepted). Parents/Guardians can register their child online either for the morning session or afternoon session, or both if you wish.

Check the lists below for the locations in your neighborhood:
